COMMITTEE ON MANUFACTURES

3 April 1926.

Hon. William T. Evjue,
The Capital Times,
Madison, Wisconsin.

Dear Bill:

It is a pleasure to have your letter of March 29th. I read the Times every day, and so feel that I am in touch with you, and things in Madison and in the State. I appreciate the printing of the Globe-Democrat editorial.

I see that the political pot is beginning to simmer, and presume the lines will soon be drawn for the coming campaign. I would be very glad to have you write me fully concerning your views of the situation as it presents itself.

With kind personal regards to you and to Mrs. Evjue, and to Tom, I am,

Sincerely yours,

Robert M. La Follette
