Dear Miss Head:

On behalf of the entire Academy and especially for the Board of Governors, I wish to express our deepest thanks for your contribution of time and talent in making our 32nd Academy Presentation so successful.

No project of this magnitude is ever accomplished by one man alone or even a small group; the measure of success is always determined by the teamwork of many. The Academy is proud and grateful to count you as one of our consistently constructive supporters.

Cordially,

B. B. Kahane
President
